Just as the Taiwan tour of the Mackay Exhibition will multiply the impact of its messages about Canada and Canadian cultural institutions beyond Taipei, I fully expect that its eventual presentation in Canada would provide a unique and effective platform for the ROM to reach out to the Taiwanese-Canadian community and beyond. We look forward to working with ROM and other partners to ensure this outstanding exhibition receives wide recognition both in Taiwan and in Canada. Your support for extending the exhibition to other venues on Taiwan is greatly appreciated.

Yours sincerely,

Ted Lipman
