Hi James,

FYI.

This is the first response--Cara McEachern is the Registrar at ROM and Melissa's boss. I'm forwarding it with her permission. It does give a very clear picture of the issues as seen from the Collections Management side of the institution. They are not, of course, the final authority in the matter of loans, but the issues they identify receive serious attention.

Cara indicated that she would be happy to speak with you if you had any questions. Her telephone number is (416) 586-5672.
